

PLAY Project Certification Application Instructions

Certified PLAY Project Consultants are the professional experts who provide PLAY Autism Intervention. Professionals are vetted and highly trained in order to implement PLAY Autism Intervention at the highest level.

Here are the instructions to apply for PLAY Project Certification Training:

1. Fill out the Online Certification Application

[Click here to fill out the Online Certification Application](#)

The application provides us with information about your educational background, experience with different autism services, and your professional experience working with children. This application is approved by the PLAY Project team based on qualifications and your location relative to other PLAY Project providers.

2. Register for the Intensive Workshop

Once your application is approved, the next step is to register for the PLAY Project Intensive Workshop. This 2-day workshop is the first part of the certification training process. Following the Intensive Workshop, you will be granted access to the Online Certification Course. Check our [events page for upcoming dates](#).

3. Submit a Video

The final step in completing your application is to upload a video of you and a child engaging in playful activities. You will receive instructions for your video upload once your application is approved. We request that you submit your video a minimum of 2 weeks prior to your training date.

If you have any questions about this process please contact us
